

Heaps Good Wine Company Amber 2021

Prepare to have your taste buds rocked by the electric symphony of aromas and flavours that is Amber. Created by the now almost legendary Nick Gee of Heaps Good Wine Company, this is no ordinary wine; it's a true punk song that defies convention and celebrates the bold marriage of Pinot Gris and Welsh Riesling.

Amber hits all the right notes with its edgy blend of aromas and flavours; achieved through years of experimentation with skin contact techniques. As you take your first sip, you'll feel the thrill of vibrant citrus and fresh stone fruit aromas. The Pinot Gris brings volume with its rich texture and hints of honeyed decadence, while the Welsh Riesling adds a rebellious twist with its zesty acidity and intriguing herbal undertones.

Like a blazing guitar solo, Amber hits a dynamic flavour palette. Zesty orange peel and savory apricot notes take center stage, harmonizing with the smoky echoes of wood aging and mineral notes of flint. This wine isn't afraid to break the rules, delivering a symphony of flavor that will have your senses screaming for an encore.

So grab your glass, turn up the music, and let the rocking flavors of Amber from Heaps Good Wine Company take you on a journey as unforgettable as a live concert.
